EDUCATION

New Jersey Institute of Technology (NJIT) | *B.S. Computer Science*

Expected 2028

Essex County College | *A.S. Computer Science*

Expected Dec 2026

University of Guyana | *B.S. Information Technology*

June 2023

TECHNICAL SKILLS

Languages: Java, Python, JavaScript, TypeScript, PHP, SQL, HTML/CSS

Technologies: React, FastAPI, Tailwind CSS, PostgreSQL, MySQL, SQLite, Supabase, Pyodide, Ollama, AWS, Git/GitHub, Figma

Technical Areas: Debugging, technical troubleshooting, database design & normalization, API integration, systems analysis, UI/UX

EXPERIENCE

Tech Titans | *Technology Instructor Intern*

Summer 2026

- Supported beginner programming instruction for Grade 4 and 5 students and built classroom tools to make Python learning easier on Chromebooks.
- Identified limitations in the existing Jupyter workflow and developed Codelab, a browser-based Python workspace later deployed for 150 students across 10 classrooms.
- Built BIT, a locally hosted Gemma/Ollama Python tutor with custom teaching rules that guided students without generating complete solutions or requiring external AI accounts.

CareOne Assisted Living | *Receptionist*

July 2022 - Present

- Manage front-desk operations, visitor and resident communication, incoming calls, documentation, and day-to-day reception needs.
- Create monthly reception schedules and maintain organized administrative records using Excel and internal systems.

SELECTED PROJECTS

Codelab - Online Python Classroom Workspace | *React, FastAPI, SQLite, Pyodide, AWS*

- Designed student and instructor workflows for writing, running, autosaving, and resuming Python projects in the browser without individual account setup.

BIT - AI-Powered Python Learning Assistant | *React, Ollama, Gemma*

- Configured a locally hosted AI assistant with custom rules for simple explanations, guided hints, and beginner-focused Python support without external usage limits.

Smart Campus Wallet - AI-Powered Web Application | *React, Tailwind CSS, Gemini API*

- Built a student budgeting app with transaction tracking and AI-assisted insights; selected as a HackFest 2025 finalist (Top 7 of 18 teams).

LEADERSHIP

Essex County College NSBE - Program/Event Chair | Sep 2026 - Present | Plan professional-development, technical, and student-engagement events.

Essex County College AI Club - Treasurer | Jan 2025 - May 2026 | Co-organized and presented an introductory Gemini AI workshop.

University of Guyana Robotics Club - STEM Volunteer Instructor | Mar 2020 | Taught introductory programming and robotics through hands-on, adapted instruction.
